

CampusCycle

Give Every Item a *Second Life*

A circular economy marketplace built for college campuses — helping students sell, buy, exchange, donate, repair and upcycle everyday items instead of throwing them away.

Books

Electronics

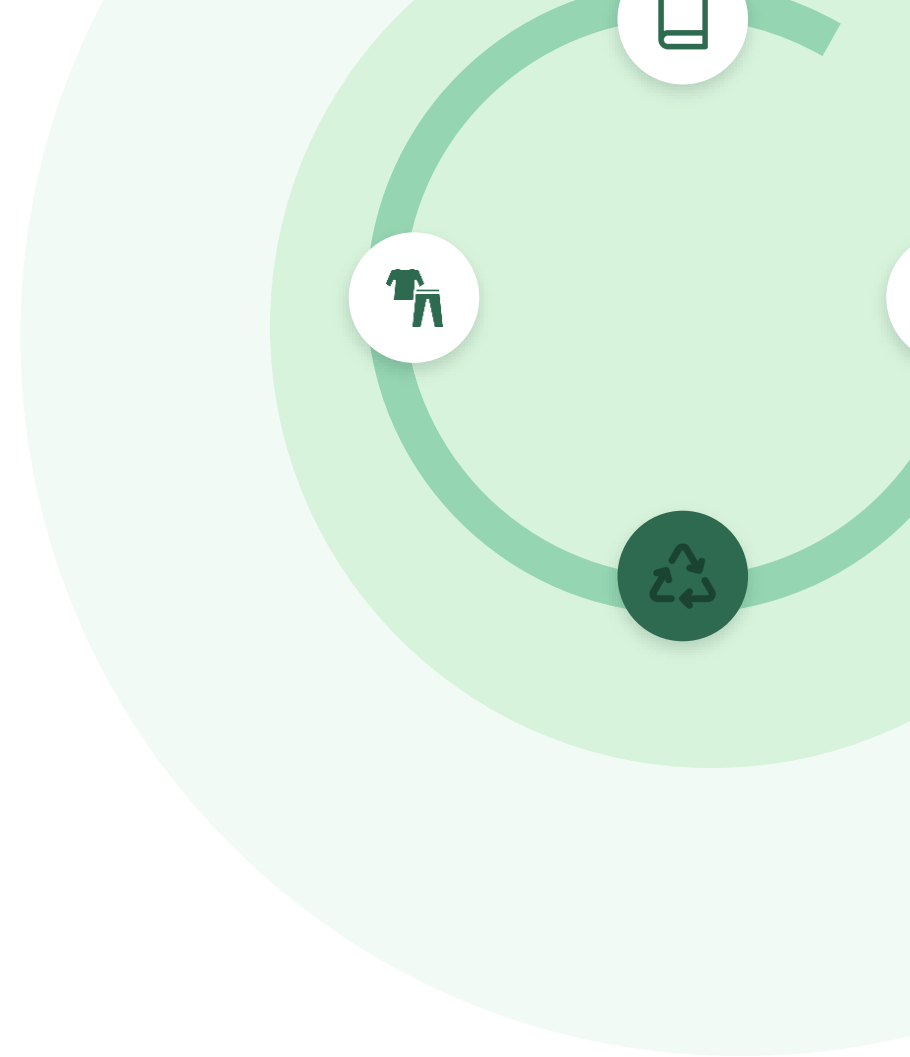

Clothes

Cycles

Furniture

THE PROBLEM

Every Semester Ends the Same Wasteful Way

GRADUATION & HOSTEL CHANGEOVERS

Move-out season floods hostels with usable items dumped as trash

TRUST & CONVENIENCE GAP

No trusted, campus-only platform exists for students to exchange goods safely

BROKEN CIRCULAR LOOP

Repairable or donate-worthy items get landfilled instead of reused

ESTIMATED IMPACT / YEAR*

70%

of items thrown away at semester-end are still usable by
usable by another student

10K+

items discarded per campus, yearly*

₹40L+

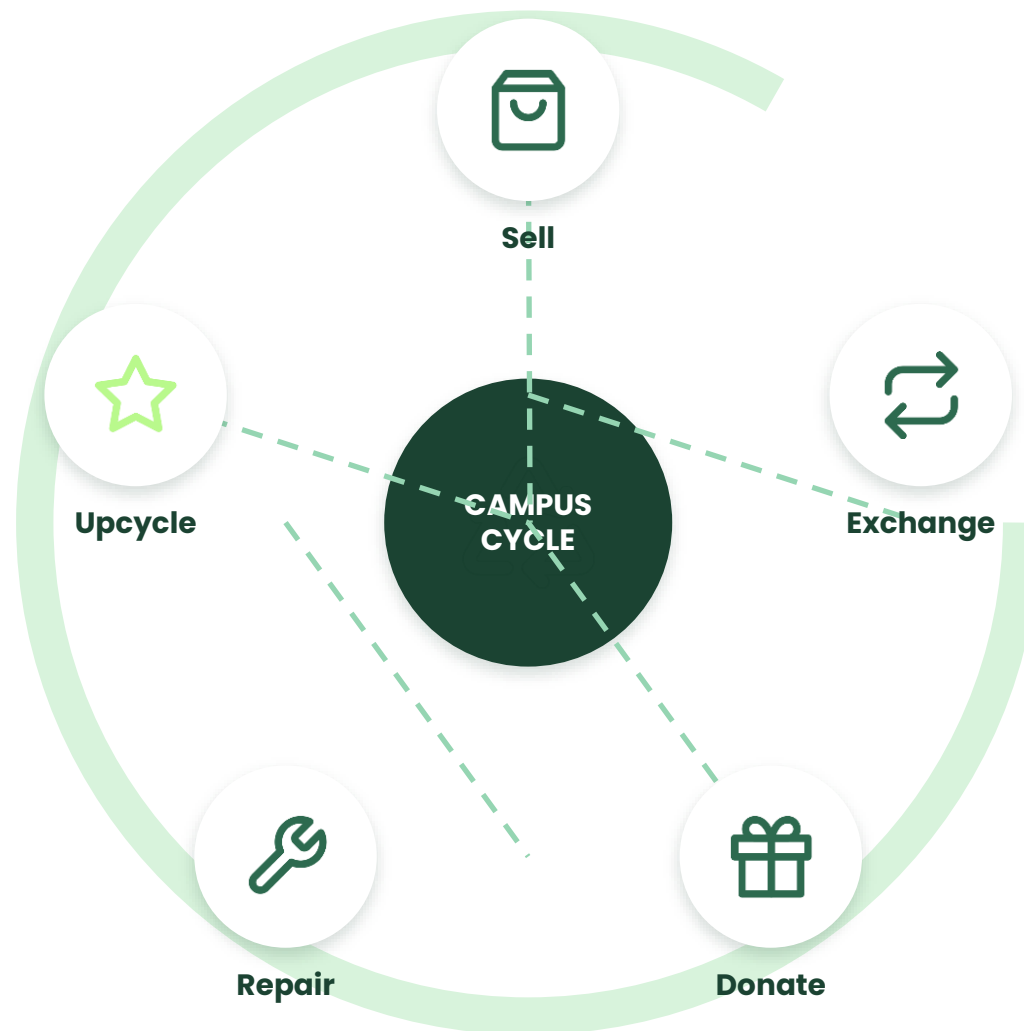

worth of usable goods lost*

*Illustrative estimates based on typical campus move-out surveys

Our Solution

CampusCycle is our answer to Track SD-04 — one campus app to sell, buy, exchange, donate, repair and upcycle everyday items.

- ✓ Verified student-only marketplace
- ✓ AI-powered item analyzer for instant value
- ✓ Circular Score & Eco Points rewards
- ✓ Connected repairers, recyclers & upcyclers

HOW IT WORKS

From Unused to Reused in Four Simple Steps

01

List Your Item

Snap a photo of the book, gadget, cycle or furniture you no longer need

02

AI Analyzes It

Our AI identifies the item, checks checks condition and estimates estimates fair value

03

Pick Your Path

Choose to Sell, Donate, Exchange, Exchange, Repair or Upcycle in one in one tap

04

Connect on Campus

Match instantly with a nearby student, repairer or recycler

AI-POWERED

Meet the AI Item Analyzer

Point your camera at any item — our AI does the rest, instantly.

Instant Recognition

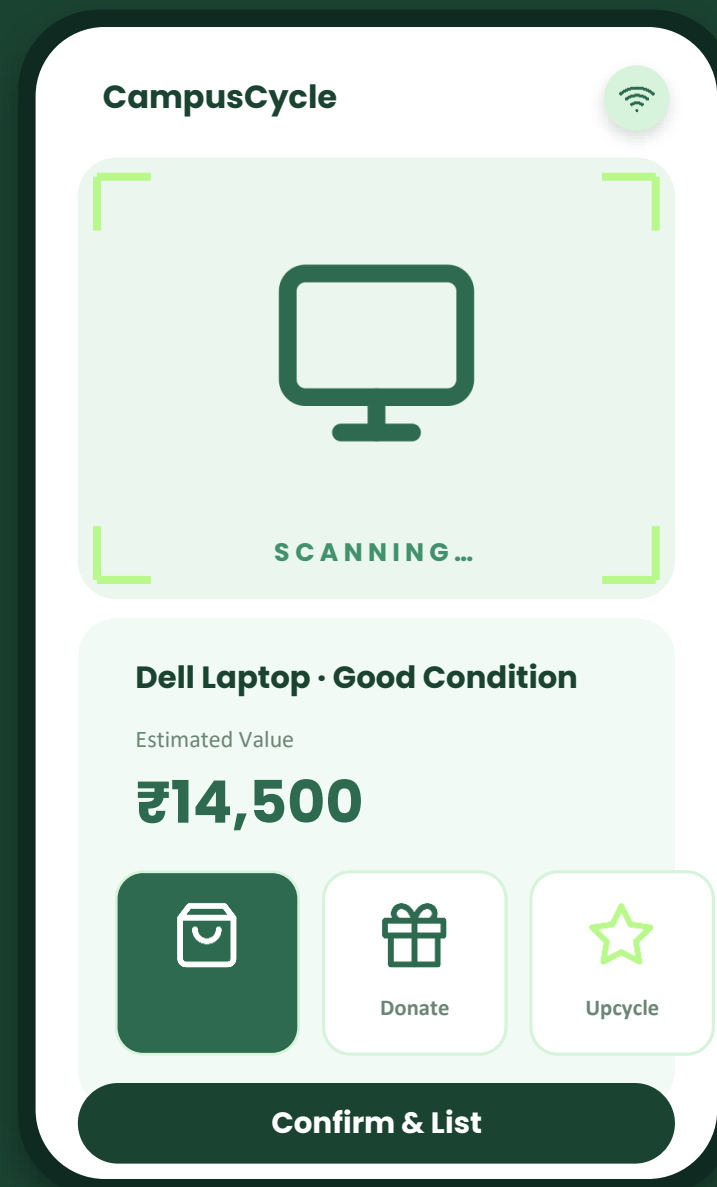

Identifies category, brand & item type from a single photo

Condition & Value Estimate

Grades wear-and-tear and predicts a fair resale price

Smart Suggestion Engine

Recommends the best path — Sell, Donate or Upcycle

THE MARKETPLACE

One Marketplace, Every Option

Students choose exactly how they want to pass an item on.

Buy

Browse verified listings from students on your campus

Sell

List items in seconds and set your own price

Exchange

Swap items directly — no cash needed needed

Donate

Give to juniors, NGOs or campus donation drives

Redeem Points

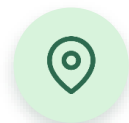

A Campus-Wide Circular Ecosystem

CampusCycle connects students with the local network that keeps items alive.

Verified local partners

Every repairer, recycler & upcycler is vetted and campus-approved approved

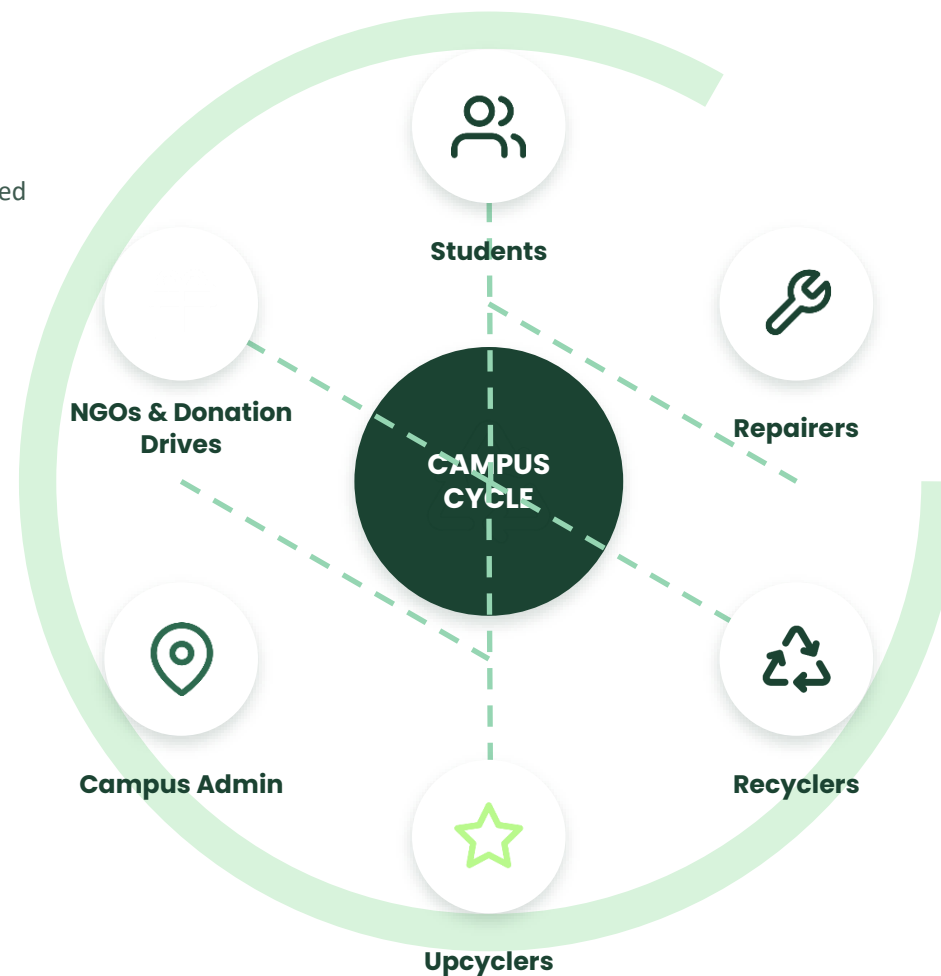

Pickup points on campus

Drop-off hubs in every hostel block for zero-hassle handoffs

Closed-loop tracking

Follow an item's journey from listing to its next life

THE IMPACT

The Impact We Aim to Create

Projected outcomes from a full campus-wide rollout, based on pilot assumptions.

12,000+

Items saved from landfill / year

18 tons

CO₂e emissions avoided / year

5,000+

Students actively exchanging items
items

₹62L+

Value returned to student pockets

Based on typical mid-size campus with ~8,000 students at steady-state adoption

BUSINESS MODEL

Built to Sustain Itself

Multiple lightweight revenue streams — none of which tax the student.

Micro Transaction Fee

A small % fee on paid Sell/Buy transactions completed in-app

Campus Partnerships

Colleges pay for admin dashboards, waste-reduction reporting & branding

Sponsor Redemptions

Local businesses fund Eco Point rewards for footfall & goodwill

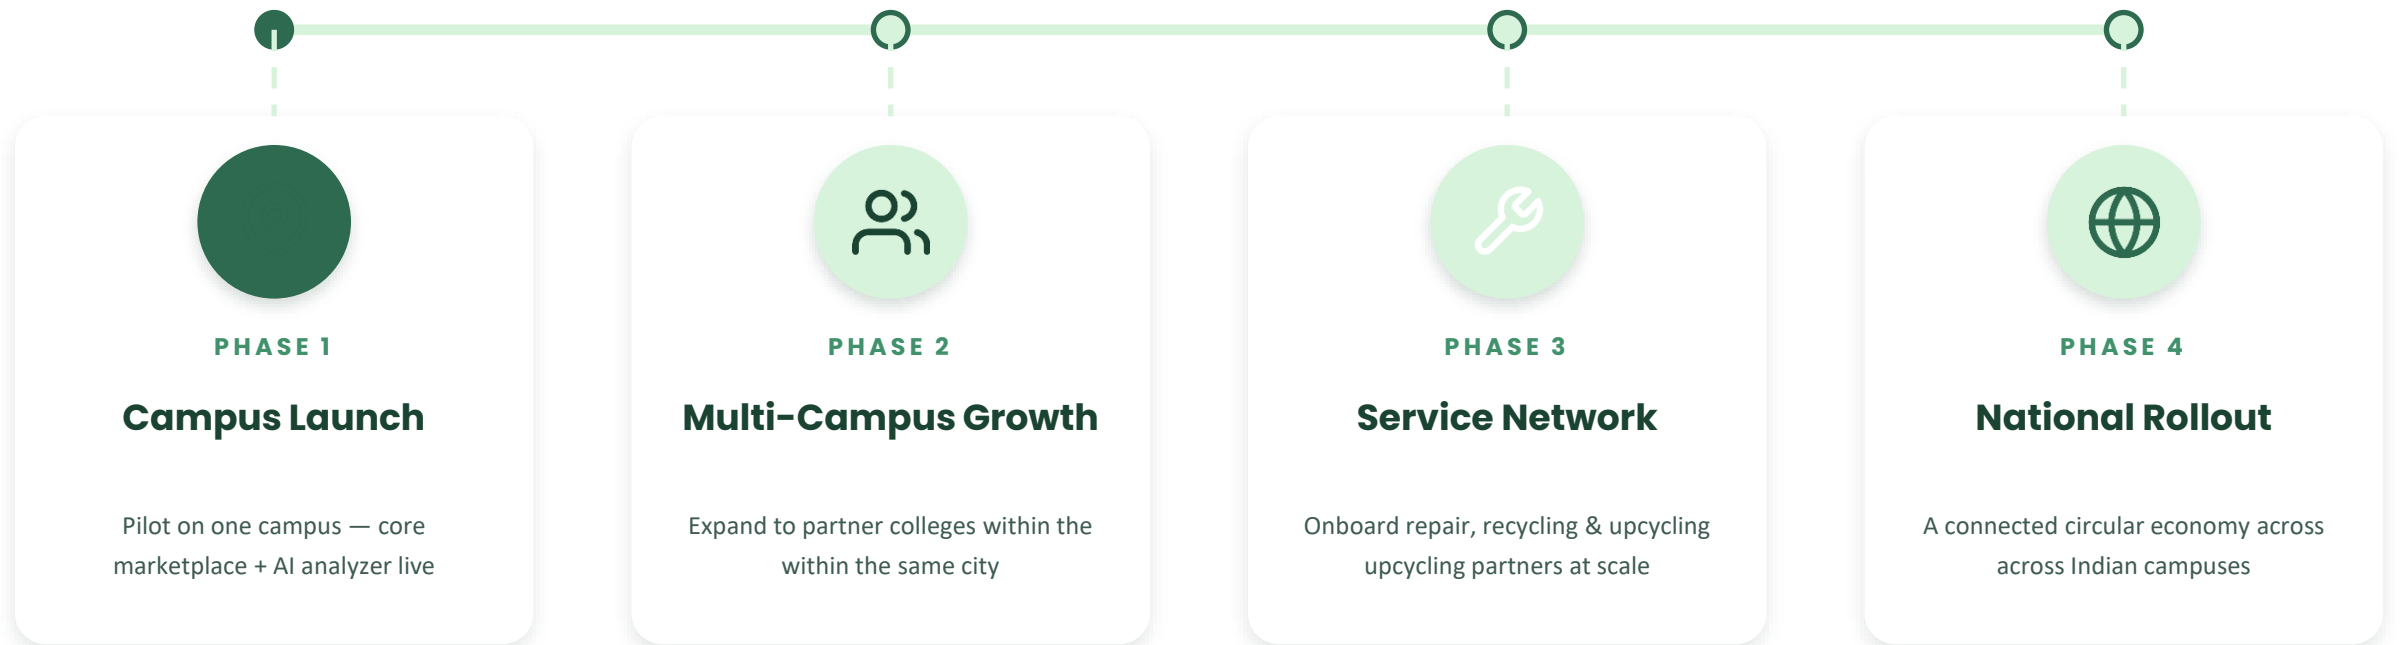

Service Commissions

Referral commission from partnered repair & recycling vendors

WHAT'S NEXT

From One Campus to a National Circular Network

DON'T THROW IT AWAY. PASS IT ON.
